(Associated Press Telegram)  
Columbus, Feb. 24.—Opening of a  
fissure between the state administra-  
tion and the Republican party or-  
ganization in Cincinnati and Ham-  
ilton county was made public Tues-  
day through the sudden plunging into  
the general assembly of a joint  
resolution calling for a final ad-  
journment March 19. This resolution  
was fathered by Senator Louis  
Pink, of the Hamilton county dele-  
gation.

The state administration leaders in  
the senate were taken by surprise  
when he presented this resolution,  
action upon which was prevented by  
its immediate reference to a standing  
committee of which President Pro-  
tem, Charles J. Howard is chair-  
man.

Following the subsidence of the  
astonishment it created, inquiry de-  
veloped that Governor Frank B. Wil-  
lis' friends in the legislative halls re-  
garded the resolution as a fling at  
him. Explanation was made that the  
attack was based upon failure to be  
recognized in patronage matters.

Statements in re-arral and reply  
were threatened, but did not manifest  
themselves.

The resolution contained many  
sharp and stinging criticisms, the  
preamble reciting that since the con-  
vening, January 4, nothing of im-  
portance had been done, although the  
daily expense was several thousand  
dollars. Noting that few measures of  
value had been offered, it was stated  
that the most pressing business was  
to provide for the appropriations and  
redeem a few campaign pledges.

As the people were generally de-  
manding that the General Assembly  
adjourn and relieve them from pro-  
longed and needless expense therefor,  
the early date was recommended, it  
was stated. This was, on its face,  
a studied innuendo that there was no  
legislative program, either construc-  
tive or destructive, and that there was  
no ability to proceed with intelligence.

Administration leaders asserted that  
the resolution originated in Cincinnati  
and not in the legislative delegation  
from that city. The presence in the  
city of Chairman Rudolph K. Hynicka  
of the Hamilton county committee,  
was quoted by them as being of special  
significance and more than a coinci-  
dence.

Talk of early adjournment was  
general among legislators today as

## JANUARY IMPORTS FROM GERMANY HAVE SHOWED NO DECREASE.

(Associated Press Telegram.)  
New York, Feb. 24.—Im-  
ports from Germany to the port  
of New York for January re-  
main practically unchanged  
from the figures for January,  
1914, according to custom  
house statistics made public to-  
day. This was accomplished  
through the large shipments of  
aniline dyes from Germany  
which have increased material-  
ly in the past few months.  
Total imports from Germany in  
January were \$10,070,016,  
against \$10,526,463 last year.  
The heavy falling off in the  
imports from France which  
amounted to more than 60 per  
cent, was mainly in art works,  
laces and cotton and woolen  
goods, especially dress goods.  
The ten day statement of ex-  
ports of foodstuffs for the first  
ten days of February showed  
wheat exports for the period to  
be more than three times the  
quantity exported in the first  
ten days of January.

## SUBMARINES DO NOT FRIGHTEN FREIGHT SHIPS

(Associated Press Telegram)  
New York, Feb. 24.—Clearance of  
freight steamships from this port ac-  
cording to custom's officials, show no  
decrease of steamship freight business  
because of the activities of the Ger-  
man submarines in the war zone.  
At her pier in Brooklyn, the steam-  
ship Mogador is loading a cargo of  
65,000 reels of barbed wire, 100 auto-  
mobile trucks, 100 cash registers, and  
a quantity of infants' goods for a  
Russian port. The City of Newcastle  
is loading 1,000 freight car wheels and  
8,000 bales of cotton. She will also  
carry 500 cases of Red Cross supplies  
for the hospitals at Warsaw. The  
freight carrying steamships which  
sailed yesterday and will pass through  
the war zone were: Brattingsborg,  
(Danish) for Esbjerg; Borglum,  
(Danish) for Aalborg; and the Stor-  
stad, (Norwegian) for Havre.

## GERMANY MAY NOW TAKE OVER POTATO SUPPLY

(Associated Press Telegram)  
Berlin, Feb. 24.—(Via London.)—  
Dr. Kueysnik, director of the Schen-  
berg statistical bureau in an article  
published in the Tageblatt today adds  
his voice to those which previously  
have demanded that the government  
take over the supply of potatoes in  
Germany as it has done with flour  
and grain.

## PIUTE CHIEF IS STILL AT LARGE

(Associated Press Telegram)  
Durango, Colo., Feb. 24.—Tse-Ne-  
Gat, the Piute Indian, whose efforts  
to elude arrest by federal officers on  
the charge of murder, have since Sun-  
day resulted in the death of five In-  
dians and one member of United States  
Marshal Nebeker's posse, was still at  
large today, according to reports re-  
ceived here from Bluff, Utah. Mar-  
shal Nebeker and the main body of  
his force were reported entrenched in  
the rocks west of that place.

## HANS WAGNER IS 41.

(Associated Press Telegram)  
Pittsburg, Pa., Feb. 24.—Honus  
Wagner, veteran shortstop of the  
Pittsburg National league team, cele-  
brated his forty-first birthday here  
today. A banquet will be given in  
his honor tonight.

## Seven German Prisoners In Singapore, Who Join Mutiny Of Indian Regiment, Killed

(Associated Press Telegram)  
Manila, Feb. 24.—Four hundred  
members of the mutinous Indian reg-  
iment which revolted at Singapore on  
February 15, have been killed, as well  
as seven German prisoners from the  
detention camp who joined the natives  
when offered their freedom, according  
to reports of the uprising brought  
here by passengers from Singapore.  
The mutineers are said to have killed  
all their officers save the colonel and  
then attacked civilians, several of  
whom were killed, including one  
woman.

The revolt began without warning.  
Half the Fifty-First Infantry of Ben-  
gales on their way to Egypt, number-  
ing 500, suddenly attacked and sub-  
dued the other half. Reports brought  
here are to the effect that the rebel-  
lions troops killed none of their com-  
rades except officers including natives.  
They then attacked the houses of civ-  
ilians, according to the stories, killing  
men but sparing the women and chil-  
dren, who sought refuge on the trans-  
port Nile, lying in the harbor.  
The mutineers offered freedom to all  
Germans in the detention camp who  
would join them. Only seven of the  
prisoners accepted this proposal, the  
others preferring to remain where  
they were. The half regiment which  
remained loyal soon organized itself  
and started out to attack the muti-

## British Armored Merchant Cruiser Lost With 280 Men; Another Vessel Is Torpedoed by German Submarine

(Associated Press Telegram)  
London, Feb. 24.—The official in-  
formation bureau announced this after-  
noon that the Clan MacNaughton, an  
armed merchant cruiser, is missing.  
The vessel was last heard from Febru-  
ary 2d and it is feared that she has  
been lost.

The text of the bureau's announce-  
ment follows:

"The secretary of the admiralty re-  
grets to announce that H. M. S. Clan  
MacNaughton, an armed merchant  
cruiser, Commander Robert Jeffreys  
R. N., has been missing since Febru-  
ary 3, and it is feared that the vessel  
has been lost.

"An unsuccessful search has been  
made and wreckage supposed to be  
portions of this ship has since been  
discovered.

"The last signal received from the  
Clan MacNaughton was made in the  
early morning of February 3d, and it  
is feared that she was lost during the  
bad weather which prevailed at that  
time."

Two hundred and eighty men lost  
their lives when the Clan MacNaughton  
went down.

From the fact that there is no regu-  
lar cruiser in the British navy  
named Clan MacNaughton and that  
there is a merchant steamer of that  
name, it can safely be assumed that  
the British naval authorities have  
taken the merchant vessel and made  
use of her as an auxiliary warship.

## OAKBY TORPEDOED BUT CREW WAS SAVED BY FISHING SMACK.

(Associated Press Telegram)  
London, Feb. 24.—The British  
steamer Oakby was torpedoed by a  
German submarine off Rye yester-  
day. Her crew was rescued by a  
fishing smack and landed at Ram-  
sgate today.

The Oakby was bound in ballast

from London for Cardiff, Wales. She  
was struck on the port side. Her  
main hatch was blown off, her  
decks were splintered and the bin-  
nade was hurled into the air. One  
lifeguard was swamped by the great  
volume of water thrown up by the  
explosion of the torpedo.

The fishing smack Gratia, which  
was four miles off, felt the shock of  
the explosion and hastened to the  
scene. The fisherman arrived in  
time to take off the crew of the Oak-  
by, none of the members of which  
was injured.

The periscope of a submarine was  
seen before the explosion by the  
chief engineer of the Oakby. An at-  
tempt was made to tow the Oakby to  
Dover, but she sank off Folkestone  
this morning.

## CARIB WAS OUTSIDE ROUTE PRESCRIBED WHEN SHE WAS SUNK

(Associated Press Telegram)  
Washington, Feb. 24.—Official  
notice of the sinking of the Ameri-  
can steamer Carib, was received at  
the state department today, in this  
message from American Minister  
Vanduyke at The Hague:

"Carib reported sunk in North  
sea outside route prescribed by Ger-  
man instructions."

The government war risk bureau  
which insured the hulls and cargoes  
of the Evelyn and Carib, plans to  
reduce some of its losses by salvag-  
ing their cotton cargoes if possible.  
The war risk bureau will take  
no action until the owners have sub-  
mitted proofs of the losses. Secre-  
tary McAdoo pointed out that no in-  
surance was granted by the bureau  
on vessels carrying contraband of war.

## ALL OF CARIB'S CREW REPORTED RESCUED.

(Associated Press Telegram)  
Berlin, Feb. 24.—Via London—A  
dispatch received in Berlin from the

American vice consul at Bremerhav-  
en declares that all the members of  
the crew of the American steamer  
Carib, reported yesterday as having  
sunk in the North Sea, have been  
saved. It is understood, the vice  
consul continues, the Carib struck a  
mine in the Bight of Helgoland the  
afternoon of Feb. 22.

## BRITISH TRANSPORT FALLS A VICTIM TO A GERMAN SUBMARINE.

(Associated Press Telegram)  
Berlin, Feb. 24.—Official announce-  
ment was made last night that the  
British transport Number 192 was sunk  
by a German submarine, off Beachy  
Head, at 4:45 o'clock yesterday af-  
ternoon.

A dispatch last night from New  
Haven, England, stated that 18  
members of the crew of the Cardiff  
steamer Branksome Chine, a govern-  
ment collier, had landed there and  
announced the sinking of their ves-  
sel, either by a mine or a torpedo  
in the English channel 20 miles  
southeast of Beachy Head about two  
o'clock yesterday afternoon. This  
probably is the vessel to which the  
Berlin announcement refers.

## NORWEGIAN STEAMER DETAINED BY BRITISH.

(Associated Press Telegram)  
London, Feb. 24.—The Norwegian  
steamer Vitalia 723 tons, from New  
York Feb. 2d, for Rotterdam, with  
a cargo of packing products loaned  
under supervision of the British con-  
sul general at New York, has been  
detained by the British authorities  
at Falmouth, pending investigation.  
It seems that the British government  
wants to determine who are the Rot-  
terdam consignees of the Vitalia's  
cargo.

The embassy and the consulate are  
working on this case and it is be-  
lieved that the ship and her cargo  
will be released.

## GERMANS REPORT RUSSIANS TO BE IN FULL RETREAT

(Associated Press Telegram)  
Berlin, Feb. 24.—(By wireless to  
London)—The official report on the  
progress of the war given out in Ber-  
lin today says the Russians have suc-  
ceeded in crossing the Bobr river in  
northern Poland in two places.

"In the western theatre of war:  
Near Perthes in Champagne, French  
infantry divisions yesterday made an  
attack on several places. Violent  
hand to hand fighting took place,  
which everywhere resulted in favor of  
the Germans. The enemy suffered  
heavy losses and was driven back to  
his positions."

"In the Vosges, German attacks  
against Suizern and Muehlbach, east  
of Stossweil, made progress. In the  
encagements during the last few days  
we made 50 prisoners."

"Otherwise, nothing of important  
has occurred on the western front."

"Eastern theatre of war: A new  
Russian advance from Grodno was  
readily repulsed. Southwest of Augus-  
towo, the Russians crossed the Bobr  
river in two places. Near Szlabin,  
they have already been driven back.  
Near Krasnyoborz the encagement con-  
tinues."

"Near Przasnys 100 Russians were  
made prisoners and two cannon were  
taken."

"A Russian night attack east of  
Siermiewice was repulsed."

C. L. Bishop has returned after a  
visit at the home of his father, J. E.  
Bishop of Granville.

## INFORMAL PROPOSALS OFFERED TO GERMANY AND ENGLAND, SECRET

(Associated Press Telegram.)  
Washington, Feb. 24.—Ad-  
ministration officials today con-  
tinued silent regarding infor-  
mal proposals the United States  
has made to Great Britain and  
Germany for an understanding  
on the questions of foodstuffs  
for the civilian population of  
the belligerent nations and sub-  
marine warfare against mercan-  
tile shipping.  
The nature of the proposals  
has not been disclosed on ac-  
count of the delicacy of the ne-  
gotiations. In diplomatic cir-  
cles, however, it was generally  
believed that the suggestion  
had been made that American  
consular representatives or  
American organizations super-  
vise the distribution of food-  
stuffs to the German civilian  
population. Official advice  
from Berlin said that Ambassa-  
dor Gerard had presented to the  
German government the Ameri-  
can proposals for a settlement  
of the issue.

## A BOLD ROBBERY BY MASKED MEN AT NEW CONCORD

(Associated Press Telegram)  
Zanesville, Feb. 24.—John Mills, a  
Quincy county farmer, near New  
Concord, was assaulted by robbers  
last night about 10 o'clock and is  
still unconscious. His two sisters,  
who live with him, were held up at  
the points of revolvers by two of the  
robbers while the other two, all  
masked, ransacked the house, securing  
a \$100 diamond ring and \$300 in  
money. The robbers cut the telephone  
wire and the crime was not discovered  
until this morning.

## SERBIAN TROOPS INVADE AUSTRIA FOR FOUR MILES

(Associated Press Telegram)  
Geneva, via Paris, Feb. 24.—Serbian  
troops invaded Austrian territory on  
the night of February 20 and 21, near  
Ejolina, opposite Ratcha and at Mitro-  
vitzka penetrating from one to four  
miles across the frontier, according to  
advice received here. The object of  
the Serbian offensive, it is believed,  
probably is to force the Austrians to  
send back to the west part of the  
troops operating against the Russians.

## R. R. DETECTIVE FOUND MURDERED

(Associated Press Telegram)  
Cincinnati, Feb. 24.—The dead body  
of E. N. Bolleau, lieutenant of the de-  
tective force of the Baltimore and  
Ohio Southwestern railroad, was found  
this morning with a bullet wound in  
his back. Bolleau's body was found  
under a bridge by a train crew. There  
were no clues as to who had shot him.

## EXPLOSION OF GUN KILLS SIX GERMANS.

(Associated Press Telegram)  
Geneva, Feb. 24.—(Via Paris.)—  
One of the largest and newest of the  
heavy German guns, which was be-  
ing used in the bombardment of a  
position of the allies near Thann,  
Alsace, exploded today, one officer  
and five gunners were killed.

## ANOTHER GERMAN WAR LOAN.

(Associated Press Telegram)  
Berlin, Feb. 24.—(Via London.)  
—The imperial government will is-  
sue shortly its second five per cent  
war loan. This is to consist of  
1,000,000,000 marks (\$250,000,000)  
in treasury notes, maturing at an  
average of five years. The issue price  
will be about 98.50.

## Banking Probe Has Brought In Name of Secretary of State; Long Trips Taken by Others

(Associated Press Telegram)  
Columbus, Feb. 24.—Land com-  
panies paid expenses for trips to dis-  
tant states made by former Secretary  
of State Charles H. Graves and Dem-  
ocratic state Chairman William L.  
Finley, within the last six months,  
according to testimony given by Jos-  
eph H. Harper, head of the Blue  
Sky bureau of the banking depart-  
ment, to the Winaus legislative com-  
mittee today.

Mr. Harper also declared former  
Superintendent Emory W. Lattanner  
of the banking department made  
ion trips to Texas and other states,  
with expenses paid by a large land  
promoting company, with whose  
president, Superintendent Lattanner  
was intimate and to which the Blue  
Sky bureau later issued a license for  
the sale of its securities.

Mr. Harper said former Secretary  
Graves went to Oregon last August  
for 30 days, and Chairman Finley  
took a 10-day trip to Florida in De-  
cember. Both went ostensibly to  
inspect lands of promoting compan-  
ies which wanted licenses from the  
Blue Sky bureau to do business in  
Ohio, he declared.

Mr. Harper testified that Mr. Lat-  
tanner's trip to Texas was the mid-  
dle of last summer and that while  
there he had wired Harper to issue  
a license to the land company. Sen-  
ator Winaus, asked why there was

so much haste about the issuing of  
this license, but Mr. Harper re-  
fused to answer. Then Senator  
Winaus asked if Mr. Lattanner was  
not a close friend of the president of  
the land company and Mr. Harper  
said he thought that was true.  
Without sufficient legitimate busi-  
ness reason, the state banking de-  
partment under Superintendent  
Emory W. Lattanner ordered the  
closing and liquidation of the Mer-  
chants and Miners Bank of Nelson-  
ville, March 11, 1914, although of-  
ficers offered securities to cover any  
possible bad paper held by the bank,  
according to testimony given today.  
Charles L. Baird of Nelsonville, a  
banker, and partner owner of the Mer-  
chants and Miners bank, testified  
that J. A. Holmes, state examiner,  
came to Nelsonville on the evening  
of March 11, last year, with verbal  
orders from Superintendent Lattanner  
to close the bank for liquidation.  
"There was no reason in his ac-  
tion," said Mr. Baird. "If he had in-  
vestigated the paper we held, or ex-  
ercised a little business judgment,  
he would not have closed the bank.  
I offered to throw \$35,000 into the  
bank by 11 o'clock the next morning.  
We agreed to reorganize the bank  
within 15 days, but Holmes was  
bound to close it. He threw almost  
all of \$75,000 worth of bonds which

## GRAVE CHARGES MADE AGAINST FEDERAL JUDGE

(Associated Press Telegram)  
Washington, Feb. 24.—More wit-  
nesses testified today before the  
house judiciary subcommittee inves-  
tigating charges against federal  
judge Dayton of West Virginia.

Charles M. Showalter, of Parkers-  
burg, W. Va., testified how two Ital-  
ians had been indicted, convicted and  
sentenced to maximum penalty as  
white slavers in the judge's court all  
in one day. The judge he complained,  
called a jury "a chicken hearted  
bunch," when they acquitted a woman  
charged with white slavery.

A. C. Palmer, a coal operator of  
Akron, Ohio, told how he had agreed  
to let Judge Dayton arbitrate, pri-  
vately, a case between himself and  
Davis Elkins, a son of the former  
West Virginia senator. Although the  
case had been in court four years,  
Palmer, testified the judge gave a  
decision to Elkins in ten days. Under  
questioning, Palmer said he did  
not believe the judge had any busi-  
ness connections with the Elkins  
family.

When Harry W. Chadduck, cas-  
hier of a Gratton, W. Va. trust com-  
pany, was called to testify about a  
note on which Judge Dayton and his  
son were payers, counsel for the  
judge objected to the "private af-  
fairs" of the jurist being "pried in-  
to." Attorney Blocher said he ex-  
pected to show that Judge Dayton's  
loans were so extensive "that he  
must have been borrowing money on  
the strength of his judicial office."  
The committee decided that loans  
would not be gone into unless it was

## VON BUELOW IS DECORATED BY THE KAISER FOR HIS PART IN THE CAM- PAIGN IN EAST.

(Associated Press Telegram)  
Berlin, via London, Feb. 24.—Em-  
peror William addressed the follow-  
ing telegram to General Otto von  
Buelow, on the German com-  
manders in the field:

"In forced marches lasting over  
nine days on snow-drifted and icy  
roads, your brave troops, shoulder  
to shoulder, with their advancing  
proposed to show 'some ulterior  
motive' on the part of Judge Day-  
ton.

O. J. Fleming, cashier of the First  
National bank of Gratton, produced  
records of a \$1000 note by Judge  
Dayton and F. O. Blue, for which a  
cashier's check was issued by Judge  
Dayton and endorsed to the New-  
comer Coal company. Fleming also  
produced records of notes upon  
which Dayton was an endorser.

E. A. Reinhard, cashier of the  
First National bank of Bollington,  
W. Va., showed records of a \$3,000  
note made by Dayton and Blue in  
1906, still held by the bank.

W. H. Lewis, cashier of the Mer-  
chants National bank of Clarksburg,  
W. Va., said that his bank held two  
notes of Judge Dayton, one for \$500  
secured by collateral and another,  
originally for \$1,500 but reduced to  
\$1,000 made by Dayton and Blue.

F. O. Farnsworth, cashier of the  
Buckhannon bank of Buckhannon,  
W. Va., said his bank holds three  
notes on which Dayton is a joint  
maker, totalling \$6,500 and dating  
back to 1912.

## THE BOY FARMER

Or a Member of the Corn Club

By ASA PATRICK

Copyright, 1915, by American Press Association.

CHAP. VI (Continued.)

"Hello, Sam!" he greeted. "Say, let's go fishin' this evenin'."

"Are you up with your work?" asked Sam.

"You bet. I've quit loafin' round when the work needn't doin'. Everythin' right up to now."

"All right, then," said Sam; "I'll be glad to go. I was just thinking about it."

"Well, I'll get the bait and be 'long 'bout 1 o'clock after you. Say, Sam, you shore are raisin' a powerful lot of truck on this place. I declare, I don't see how you do it. Of course I know now that it's a good deal of the way you work the land, but I didn't think anybody could raise crops like this. And you never let up—fast as you get one crop off you've got another comin' on."

"Yes," said the boy farmer, "I'm doing pretty well. Everythin's been favorable, though, and we've had plenty of rain. As for growing more than one crop, you've got to do that if you want to make any money. Besides, land needs something on it all the time to keep down the weeds and keep humus in the ground. When I get my corn and cotton gathered I want to hire you again to plow this land and sow it with some kind of a cover crop for the winter."

"All right," agreed Bill. "I'll do it. And since you mentioned it I guess I'll sow my field in something—wheat or rye. I could use it for pasture, too, couldn't I?"

"Certainly," replied Sam. "It would not hurt to pasture it even if you were going to let it stand. But speaking of land producing stuff, why, man, this place hasn't done half what it can be made to do. Here's something I clipped from a farm paper. It'll give you an idea what land produces when it's handled right." Sam took from his pocket a little slip of paper and read:

"There are few who know the possibilities of the soil when well manured and watered. One acre has produced

The Two Put Off Down the Creek to Fish For Perch.

218 bushels of corn, and three bales of cotton have rewarded another man. On Long Island 400 bushels of Irish potatoes is not an excessively large crop, and at Greeley, Colo., 400 bushels is not an uncommon yield. In the Sacramento valley, California, Mr. Clegg has for the past thirty years made a good living and saved an average of \$400 per year from one acre. On the island of Jersey rents are as high as

## GOOD-BY—FAREWELL TO RHEUMATISM!

When your joints and muscles ache, when there is a "tick" in your back or side, and you feel "all in," apply plenty of Hoff's German Liniment, the famous stinging, greaseless liniment, with a refreshing odor. It is as pure and white as snow and it won't soil the finest clothes.

For 18 years Hoff's German Liniment has been the unequalled remedy for Rheumatism, Lame Back, Neuralgia, Sore Throat, Cold on the Lungs, Cold in the Head, Bruises, Sprains, Aching Joints, Tired and Sore Feet. If directions are followed it quickly relieves Colds, Coughs, Croup, etc. It is powerful and penetrating. Nothing like it in existence for stopping pain. It is a pure white emulsion of camphor cream with other pure, harmless, effective ingredients. It is fine for children because Hoff's keeps pores closed—which camphorated oil used alone would do—keeps colds out. \$200 and \$300 per acre, and near the city of Paris they are higher still. Near San Diego, Cal., there is a colony of "little farmers" who believe that one acre is enough, and many of them are making good with their small farms. With good soils, plenty of manure and all the water needed the possibilities of the soil are enormous, and one crop follows another in rapid succession.

"What do you think of \$200 and \$300 an acre for rent?" Sam asked when he had finished reading. "They've got to raise something on that land, haven't they?"

"I should say they have!" exclaimed Bill.

That afternoon at 1 o'clock Bill Goode came by for Sam, and the two put off down the creek to fish for the perch and cat that were to be found in the blue pools of the little stream. Bill had intended to take his shotgun along, but found that he was out of powder and so had to leave off that part of the sport.

They hadn't gone far when an old quail with her brood of young ones, just old enough to fly, rose out of the grass in front of them with a loud whir of wings and sailed off into a nearby thicket.

"They're goin' to be some good huntin' here this fall and winter," Bill Goode remarked.

"You're a farmer, aren't you, Bill?" Sam asked.

"Of course, a kind of one. But what you askin' that for?" Bill inquired, surprised at the question.

"Well, a farmer ought not to kill a farmer's friends, ought he?"

"Sure, he oughtn't!" George replied.

"Well, you just take it from me that those quails and nearly all the other birds that live around here are good friends of ours. We ought not to kill them, and we ought not to allow others to come on our places to kill them."

"Why, I didn't think a quail was any good to us except to eat," said Bill.

"So far as any one knows," Sam explained, "they're the only bird that destroys the potato beetle. They eat all they can find, and they do us a good turn every time they gobble one. More than that, every single quail eats thousands upon thousands of boll weevils. Some people used to argue that a quail didn't eat anything except grain. But we know better now. They eat insects of all kinds, as well as weed seed."

"If that's so they ought not to be killed," said Bill.

"Of course not," said Sam. "We don't have any idea how much good they do us. It ought to be against the law to kill a quail at any time. As it is, they say insects destroy one-tenth of all we produce. If we were to kill all the birds there'd be such a plague of insects that they'd kill everything—all the trees and vegetation of all kinds."

Further on Bill saw a woodpecker hammering lustily on a dead tree. He stopped and pointed with his finger. "Bet I could knock 'im off with a rifle from here," he said.

"Don't ever do it," cautioned Sam. "He's another friend."

"What?" exclaimed Bill. "A woodpecker kills trees."

"No, he doesn't," said Sam. "He saves trees. A woodpecker never bores a hole in a tree for fun. He's after worms or making himself a home, and he makes his home in dead trees. When he bores into a green tree he's after a worm every time, and he always gets him. The hole the bird makes will grow up, but if the worm stays it'll kill the tree. One woodpecker will go over 600 trees in a day and examine them for bugs, egg deposits and worms. It doctors the tree inside and out. I saw a woodpecker go over nearly every tree in our orchard."

"Well, now, I didn't know that," said Bill. "I been knowin' woodpeckers all my life, but I never paid no attention to 'em. Guess I won't shoot no more of 'em."

"To tell the truth," Sam went on, "there are mighty few birds or animals but what do more good than harm. I believe the common old house cat kills more birds and chickens than all the varmints put together. I think it's a good deed to kill a cat whenever you find one. There are two kinds of hawks—the cooper and the sharp-shinned—that are bad to kill birds and chickens. These two hawks look alike. They are small. The females are a mottled brownish color, and the males are a dull blue. It's a good thing to kill them whenever you get a chance. The other hawks and owls don't do much harm, and they do lots of good because they live mostly on rats and mice and such things. Once in awhile an owl will bother chickens, but it's only when its regular food is scarce."

"It's pretty much the same war about the fox, mink, weasel and skunk. Once in awhile one of these varmints will get to be bad after chickens. But we could hardly do without them because they keep down the swarms of field mice, rabbits, grasshoppers, crickets, hornets and wasps."

"Where'd you find out these things?" asked Bill. "I know they're true when I hear you say 'em, but somehow I never did think of 'em before."

"I've learned a little by reading," Sam told him, "but mostly by keeping my eyes and ears open when I'm out in the woods and fields. Sister and I like to study plants and animals, especially plants. We're going to take a correspondence course in botany next year in the state university. Florence says she's going to be a florist, and I want to know all about plants, so I can farm."

During the long afternoon Sam and Bill fished and talked, every now and then throwing out a blue cat or a goggle eye to add to their string that they kept fastened to the edge of the water. It was cool and shady along the creek. Birds sang and squirrels chattered in the branches overhead. The two farmers enjoyed the quiet coolness after the hot days in the field.

Late in the afternoon they wound up

their lines and went home, each carrying a long string of fish. Sam sat on the doorstep in the gathering dusk and breathed the perfume from the honeysuckle that clambered over the yard fence. He saw the stars coming out, one by one, and the moon creeping up behind a big oak. He heard the "who-who-who" of an owl away off on the creek. Then suddenly stars, moon and owl all vanished. He smelled fried fish and heard his mother calling him to supper.

## NEW FRONT FOR C. R. PARISH CO.'S NEWARK STORE

Extensive improvements are being made by The C. R. Parish Company's Newark store in preparation for the spring revival in business which is looked for by all business men. Workmen are already engaged in putting in a new front in the store which will improve that window display facilities and add much to the appearance of the store.

The plans provide one large window with an entrance at one side instead of in the center as it was before. The window will be enclosed with fine oak panel work and the latest electrical appliances for lighting display windows will be installed. The vestibule will be tiled. The basement has already been remodeled and arranged for storage and sales rooms. The entire building was re-decorated a short time ago.

The company has four floors, and basement, giving it the largest floor space of any furniture store in Licking county, it is said.

The work on the front is not interfering with the daily business in the store, the salesrooms and offices being open as usual.

## BREACH OF PROMISE SUIT GETS WOMAN VERDICT OF \$40,000.

(ASSOCIATED PRESS TELEGRAM) Los Angeles, Calif., Feb. 24.—Miss Maude Armfield was awarded \$40,000 in her \$500,000 breach of promise suit against Bryant Howard, Jr., of San Diego, by a jury in superior court here last night.

Miss Armfield was married to Howard in San Diego on July 4, 1909. The marriage was annulled Oct. 7, 1909, because it was testified Howard's divorce from his first wife was defective. Miss Armfield's suit was based on the allegation that she agreed to the annulment with the understanding that Howard would remarry her when he secured a perfected divorce.

## COMET'S DISCOVERY PROVEN AN ERROR.

(ASSOCIATED PRESS TELEGRAM) Cambridge, Mass., Feb. 24.—The recent announcement of the discovery of Metcal's comet was an error, Professor E. C. Pickering said today, and was due to mistaking the asteroid in lampetta for the celestial wanderer. Computations have shown that the comet would be much less brilliant than the tiny asteroid. An examination of the skies with an hour's exposure of photographic plates through a 16-inch telescope failed to disclose any trace of the comet.

## ENTIRE CORPS IS SEPARATED FROM 10th ARMY

RUSSIANS SURROUNDED AND ATTACKED ON FOUR SIDES BY THE GERMANS

Fight Desperately Against Overwhelming Odds—Official Report from Petrograd.

(ASSOCIATED PRESS TELEGRAM) Petrograd, Feb. 24.—The desperate resistance offered by the Twentieth Corps of the Russian army, to the advance of the Germans in East Prussia, after it had been cut off from the Tenth Army is described in an official communication issued here last night. The report is based upon individuals belonging to this corps, who managed to escape. The Russians claim that although these troops were surrounded by a German army in the territory between Goldap and Suwalki, they inflicted heavy losses upon their antagonists. They repelled attacks on four fronts "until their strength was completely exhausted." The communication follows:

"The communication of Feb. 21, which described the unusually difficult position of parts of our army corps during the retreat in East Prussia applied to portions of the Twentieth Corps commanded by Lieutenant General Bulgakov, comprising the Twelfth division and three reserve regiments. Communication between this corps and the Tenth Army, was broken on Feb. 13 and the corps found itself surrounded in the country between Goldap and Suwalki by a German army which constantly increased in numbers.

"This corps fought heroically until Feb. 22 against an enemy which outnumbered it several times. During these days the troops marched about 32 miles, continuing to force a passage for themselves toward the southern part of the forest of Augustowo.

"According to accounts given by prisoners, our corps inflicted heavy losses upon the Germans, who attempted to bar the way, particularly in the lake region and the forest near Ghita.

"Reports just given by various individuals belonging to this corps who managed to escape show the corps were ready to fight until its strength was completely exhausted, gallantly repelling attacks on four fronts, retaining its artillery and taking with it many German prisoners.

"Severe fighting continued on the right banks of the Bobr and Narew rivers. German detachments which took the offensive near Ossowetz on Feb. 21, were forced back by the fire of our artillery. Fighting has been in progress north of Lomza on the roads to Radzlowo, Archotichina and Kolno in spite of attacks by strong forces. We hold Jedwabno."

"A German attack along the Szczeny-Kolno road was supported during the night of Feb. 22 by armored automobiles and was unusually intense.

"The German offensive continues in the Praszyn district. Three attacks upon Praszyn were repulsed, our armored automobiles assisting greatly in this respect. Their fire decimated the Germans at a distance of 75 paces. On the road to Plonsk some villages changed hands several times.

"South of the Loughly farm, on the left bank of the Vistula, we exploded mines under a German trench occupying the dugouts in the remainder of the German trenches. We captured three machine guns, trench mortars and bombs and also took a number of prisoners. The losses to the Germans caused by the mine explosions numbered 500.

"In the Carpathians the Austrians bombed a convent south of Mezolombard with 12-inch mortars. We repulsed persistent Austrian attacks in the region of Mikov, Smolnika and Tszovicia and inflicted enormous losses upon the enemy in the region of Myto Kozioruka.

"Austrian troops have taken the places of the Germans south of Bolina. Obstinate fighting has begun at Stanslau against great forces of the enemy.

"Between January 21 and February 20 our army in the Carpathians captured 691 officers, 47,640 men, 17 cannon and 118 mitrailleuses."

## The Courts

In the case of Grace Miller vs. Geo. Miller, a suit for alimony, in which the American Bottle company was garnished, the defendant Bottle company has filed an answer setting forth the amount of money in its hands. The Bottle company was directed to deposit the money with the clerk of court and be discharged.

Jno. W. Bassett vs. Mary Bassett, T. L. King appointed guardian ad litem for minor defendants.

Owing to the death of Mrs. William Sentil, a sister of Judge T. B. Fulton, which occurred at Danville, O., Monday, the jurors were excused until Monday next.

On Monday morning next, the arguments of counsel will be heard to the court and jury in the case of Devey Young vs. Griffith Jones, a suit for damages for personal injuries, caused by being hit by the defendant.

The receiver, petit jurors who are not in the Young-Jones case were, after a long wait, the thanks of the court for their promptness and attention to duty, discharged from further attendance during the term.

The court of appeals meets March 26 for a three weeks' session. Judge Jewell heard the arguments of counsel Thursday in the case of the City of Newark vs. The Newark Natural Gas and Fuel Co., et al., and the

court took the case under advisement. He will announce a decision later. This is the injunction suit to restrain defendant from turning off the gas in this city.

Divorce Petition.

Lilah Albery has filed a petition for divorce against Lester Albery, a liverman of Pataskala, O., in the Probate court. The petition alleges that they were married April 12, 1903, and are the parents of two children, aged 10 and 6. The defendant is charged with gross neglect of duty and failure to provide and squandering his money. Mrs. Albery asks for the custody of the children, alimony and all proper relief.

Justice Scott's Court.

Hugh Scott and William Gatz, residing near St. Louisville, O., pleaded guilty to a violation of the fish and game laws of the state in Justice Fletcher S. Scott's court last evening and were fined \$10 and costs, which they paid. The men were charged with having destroyed the burrow of a skunk.

Justice Jones' Court.

Frank S. Sebring, an iron molder of Columbus and Miss Myrtle Stephenson, of Etna, O., were married by Justice D. M. Jones at his office late yesterday afternoon. The young couple will reside in Columbus.

## TO PUT ON FLESH AND INCREASE WEIGHT

A Physician's Advice.

Most thin people eat from four to six pounds of good solid fat-making food every day and still do not increase in weight one ounce, while on the other hand many of the plump, chunky folks eat very lightly and keep gaining all the time. It's all bosh to say that this is the nature of the individual. It isn't Nature's way at all.

Thin folks say thin because their powers of assimilation are defective. They absorb just enough of the food they eat to maintain life and a semblance of health and strength. Stuffing won't help them. A dozen meals a day won't make them gain a single "stay there" pound. All the fat-producing elements of their food must stay in the intestines until they pass from the body as waste. What such people need is something that will prepare these fatty food elements so that their blood can absorb them and deposit them all about the body—something, too, that will multiply their red blood corpuscles and increase their blood's carrying power.

For such a condition I always recommend eating a Sargol tablet with every meal. Sargol is not, as some believe, a patented drug, but is a scientific combination of six of the most effective and powerful flesh building elements known to chemists. It is absolutely harmless, yet wonderfully effective and a single tablet eaten with each meal often has the effect of increasing the weight of a thin man or woman from three to five pounds a week. Sargol is sold by Evans drug store and other good druggists everywhere on a positive guarantee of weight increase or money back.

## Theatres

David Warfield at Hartman.

Those who remember the first great success of America's beloved actor, Mr. David Warfield, thirteen years ago in the character of Simon Levi in "The Auctioneer" will welcome the opportunity of seeing him again in that famous role. He will present this comedy at the Hartman Theatre, Columbus, Tuesday and Wednesday, March 2-3rd, with matinee Wednesday. Mr. Warfield's remarkable creation of Simon Levi in this play, as human study, has been called as worthy of a Dickens or a Balzac. He is a complex creature, at once crafty and hard, yet generous.

## SLEEPLESSNESS A FOE TO HEALTH

But All's Well For Nerv-Worth's A Powerful Foe to Sleeplessness.

"For some time past I have suffered with stomach trouble. My digestion was imperfect, I was nervous and would worry over the least thing. I never got a good night's sleep. My mind became sluggish and by memory poor. I lost weight and I finally decided to try Nerv-Worth. The result was almost instantaneous. Last night was the best night I have put in for months."

This is the praise given Nerv-Worth by Amos J. Ferry, of Zanesville. It is additional testimony to the effect that Nerv-Worth has wonderful power to overcome sleeplessness. It is just as strong a foe to the other forms of nervous debility—indigestion, dizziness, trembling, sick and nervous headaches, pains in side, head, back and chest, palpitation of the heart, intestinal indigestion, etc. Sold on a guarantee at the T. J. Evans Drug Store.

## KEEP URIC ACID OUT OF JOINTS

Tells Rheumatism Sufferers to Eat Less Meat and Take Salts.

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat, but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad-Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad-Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, efferves

## Tonight's Council Meeting.

A special meeting of the city council is to be held this evening for the purpose of reconsidering and repealing the resolution adopted at the last regular session providing for submission to the people on March 30th of a proposed bond issue to rehabilitate the municipal electric lighting plant.

There can be only one purpose in this action and that is to take away from the people the right to say whether or not additional bonds shall be issued. The repeal of the measure, according to the program, is to be followed by the enactment of another resolution which will provide for the bond issue without the consent of the voters of Newark.

There is said to be some question whether or not there will be a quorum of council when the meeting is called to order by President Keller tonight, but if a quorum is present and if the program is presented according to present plans of the leaders, the measure repealing the resolution should be overwhelmingly defeated. The people have a right to say whether or not they shall be taxed for these additional bonds and the city council will make a mistake if it attempts to take away from the people any of their rights.

## Helping Belgium.

If the reader desires to share in the Belgian relief movement, this is the week in which to act. Local headquarters are open in the Davidson building, East Church street, for the receipt of food products and new clothing. Transportation to Europe has been provided. Those who prefer to give money may do so and may send remittance to the Newark Trust company or through the Advocate. Contributions sent to this office will be handed to the committee on Saturday and acknowledgment will be made through these columns. Readers of this paper made up a fund of about \$100 which was sent to Belgium last December. Money subscribed now will be used in the purchase of food and clothing.

## Physical Culture.

A recent report from the medical advisor of Cornell university shows that only 21 of the students have fully developed bodies, while 853 cases of curvature of the spine are reported. Most of the cases of curvature are of course slight, but no doubt there is a great deal of malformation.

An impression prevails that if a child is turned loose out doors, the active fresh air life can surely be depended on to give a good physical development. But unfortunately such is far from the case. A great many children early contract the stooping habit. Their lungs are poorly developed, and their shoulders seem to bend forward to fill the gap.

A town that can afford a physical director for its public schools finds the money well spent. Other places should realize that it does not cost much to have school children looked

Dayton in its grasp. With his brains, his energy and his money he stepped into the breach and the work he did in the succeeding few weeks will ever remain a part of Dayton's most glorious history.

Out of that crisis came a new form of city government. Mr. Patterson had shown, among other things, what could be accomplished under a highly centralized authority and a business-like procedure. The commission plan of government for the municipality was adopted, and has been in operation for more than a year.

And, already two movements have been started to abolish the commission and to return to the form of local government found inadequate to meet the emergency brought on the crest of the flood. One of them was stopped before it got fairly started. The other is now in full swing.

To a good many, in and out of Dayton, the Patterson advice will seem good—stand by the charter. Not because Patterson says it—people think for themselves—but because a cool consideration of the question involved will indicate the folly of abandoning a promising experiment so soon.

**Looking Backward.**  
How dear to my heart is the dress of my girlhood.  
When fond recollection presents it to view;  
The chignons, the quince seeds that made my hair curl good,  
And every loved art that my toilet then knew.

The wide-spread skirt and the shawl that hung over it,  
The cavernous bonnet that hid me so well,  
The voluminous hoopskirt, how I did adore it,  
And 'en the rude corset for which we then fell.  
The old-fashioned corset,  
The iron-bound corset,  
The resolute corset that pinched us so well.

Seventeen life insurance companies in the United States carry \$519,143,588 farm loans.

The net public debt of the United States January 31 was \$1,115,386,394.44, quite a tidy sum.

The silk manufacturers of the United States in the 35 years since 1880 have increased the value of their output from \$41,000,000 to upwards of \$200,000,000. Have consumed in that time about 450 million pounds of raw material, and have increased their proportion of the domestic consumption of silk goods from a little over one-half the total in 1880 to more than four-fifths in 1910, the latest year covered by the reports of the government.

Zanesville ministers have just gone on record as opposing Sunday funerals.

Public dance halls at Akron must either eliminate the popular "moonlight" numbers and whirling trots or close-up shop.

While not many of our citizens attended the funeral of Job Whitlatch, which was held recently, nearly everybody in town approved of it.

Drake Watson is circulating a petition begging the magazines to print less about the "Twilight Sleep." And the petition is being very generally signed.

Patriotism probably pays a smaller salary than any other form of human endeavor.

A good many members of Congress owe their election to the belief that a little man living in a country town can go to Washington and secure the passage of important legislation.

The man who talks a great deal about the people and their rights, generally is getting ready to slip something over on them.

You are too credulous if you believe either army has suffered severe losses as a result of bayonet charges. Next to the sword, the bayonet is less fatal than any other weapon employed in war.

What has become of the old-fashioned man who believed that, unless something were done about it, this country would become a monarchy?

## Spirit of the Press

**Probably Not.**  
We once casually mentioned Sears, Roebuck & Co. to a merchant in a small town and gave him a great deal of credit for self-control and prudence when he didn't say anything profane, but later experimentation along the same line has convinced us that he merely didn't hear us.—Ohio State Journal.

**Preserving Our Neutrality.**  
President Wilson is absolutely right in declaring that putting an embargo on the exportation of arms and munitions of war would be a neutral act. We have nothing officially to do with the fact that Great Britain has control of the Atlantic. She has earned that control by long years of self-sacrificing industry and enterprise and is entitled by every consideration of right and reason to reap the advantage that comes from it. To impose an embargo in such circumstances would be an unfriendly act to the allies.—Providence Journal.

**Our Position Unalterable.**  
It is unthinkable that Germany would deliberately destroy American ships. The danger of an actual collision between the two nations is, in our opinion, slight. But it will not do to forget the sharp difference in the official positions taken. Our government has said that it would hold Germany to "strict accountability." Germany replies that she will "disclaim all responsibility." But she cannot. However she may stand with England, in her relations to the United States she is under no

such "necessity" as will warrant her in departing from the established rules of international law. That fact our government has made very plain; and the attitude which it has assumed it can neither relax nor abandon.—New York Evening Post.

## Buy It Now.

An effective way of helping along good times is to "buy it now." Many people shut up their pocketbooks and cease their expenditures to the largest extent possible as soon as a depression in business conditions arrives. They are still working; they are still drawing salaries; but they get into a state of panic because of the depression and hang on to every dollar as long as possible. In this way they help to make times harder. They postpone as long as possible the purchase of what they need or what they soon must have. A general buying movement would do wonders in dispelling the depression and hastening the return of good times. A dollar in the pocket does no good. A dollar put in circulation is a big factor in the restoration of confidence and in getting things moving in an upward direction.—Anaconda Standard.

## Raising Horses.

The Pennsylvania Livestock Sanitary Board has issued a circular urging the farmers to give more attention to horse raising. The board foresees a long period of good prices as a result of the European war. More than half a million horses, it is stated, have been shipped to the warring nations, and this demand is taken as proving that the European supply has been depleted. From this it is argued that even after the war is ended, there must continue to be a heavy demand for American horses for some years to come.—Louisville Courier-Journal.

## In Same Boat.

The United States government finds itself much in the same position that the newspapers occupy, when it comes to the question of neutrality. Both sides accuse this country of showing favoritism to "the enemy" and probably no neutral newspaper has escaped receiving letters which either say "you are favoring the allies" or "your paper is pro-German."—Detroit News.

## George Washington.

Champ Clark was foredoomed to failure in his attempt to rehumanize George Washington. As Ingersoll said, Washington has become "a steel engraving," and the American people refused long ago to consider him a creature of flesh and blood. But how did the speaker hope to get anywhere by referring to the fact that George Washington sometimes swore, that he drank mint-juleps and that he bet on horse-races? Why did he neglect that great historical occasion when Gen. Washington and Mrs. Nathaniel Greene danced three hours without stopping?—New York World.

## Panama Exposition.

San Francisco is a "hot" point for an exposition. Even if no war had occurred the European representation would have been slight. No great proportion of the eastern population can afford to cross the continent. The Pacific coast has got to carry this fair through, and it has begun in promising fashion. The exposition was ready at the appointed time and the attendance on the opening day was enormous. "The Coast" always did things in a great way, and it has not lost its capacity for the vast and the impressive.—Philadelphia Record.

Talk On Thrift  
BY T. D. MAC GREGOR

**SAVING FOR AN EDUCATION.**  
In most schools of America thrift is a subject left to take care of itself. Graduates go out into the world with no definite ideas about the happiness there is in thrift, of the value of home gardens, of household management, of wise investment and wise allotment of income for the expenses of home, business and self.—Montgomery Advertiser.

The school of journalism of the University of Missouri has prepared a series of advertisements for the banks of that state in which the cause of education and the encouragement of the habit of saving are admirably united.

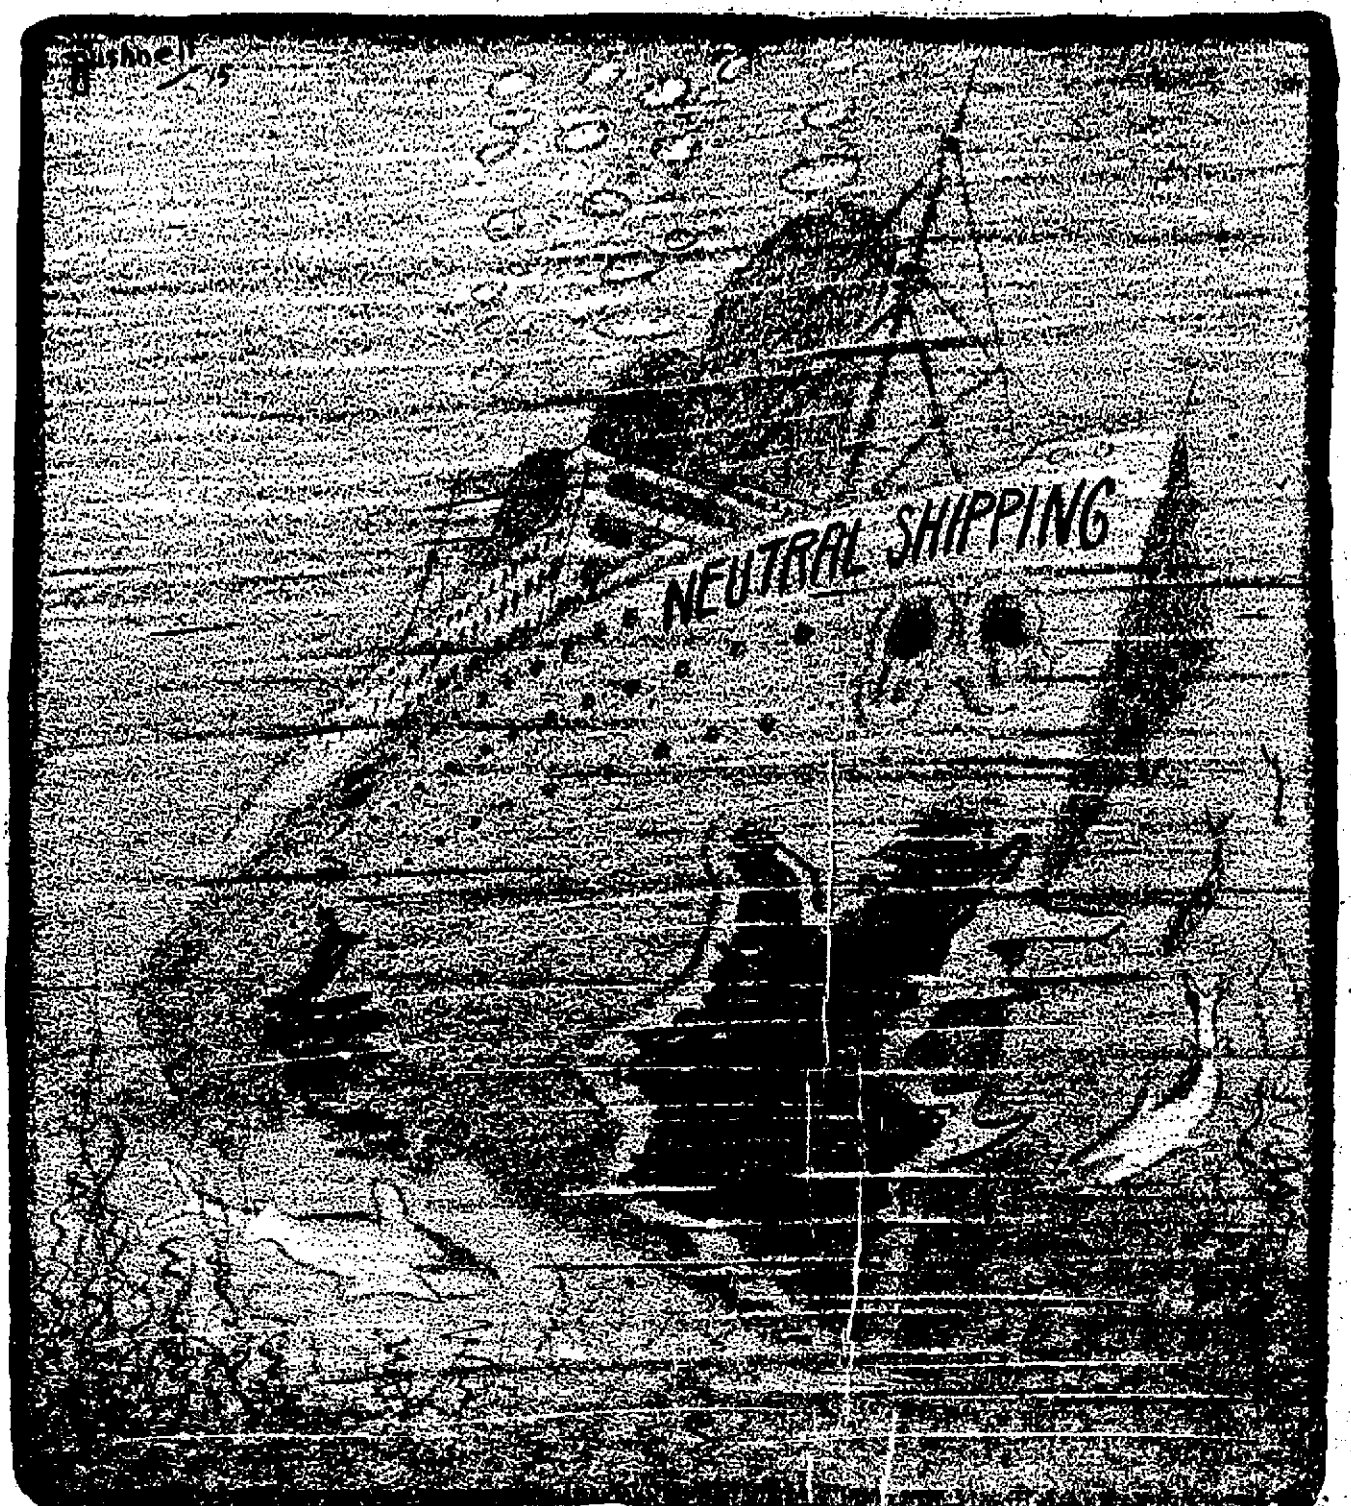

"If you will open an account with us when your son enters high school," says one of the advertisements, "and let him help you each week, by the time he completes his high school course there will be sufficient in the fund to take him through college."

Of course, the purpose is to have parents save money with the education of their children as an object and then use those savings by sending the young people to the Missouri institution. But the idea is a good one for parents everywhere. What father of mother could not take to heart such an argument as the following:

"\$300 A YEAR WILL GIVE YOUR SON OR DAUGHTER A UNIVERSITY EDUCATION."  
This is about the average yearly expense of each of the 3500 students at the University of Missouri.  
"Only \$10 a month deposited in the bank at compound interest for 80 months will enable your son to achieve his heart's desire for a college education. He can earn enough in vacations to finish out the fund."

Such a purpose provides one of the strongest possible motives for thrifty living.  
In this connection, it is not out of place to consider the advisability of giving lessons of thrift a place in the courses of study in both elementary and advanced schools. The condition outlined by the Montgomery newspaper, quoted above, is all too true, and these things ought not to be if this nation is to continue to prosper as it should.

## WHO WILL PAY?

## Uncle Walt

FIGHTER AND FARMER.

The warrior in armor is slaying fellow men, the while the peaceful farmer goes forth to plow again. All through the day the former is wasting shot and shell, and making Europe warmer than are the gates of Hannibal, Mo. And all day long the latter is wrestling with the soil, and makes the welkin clatter with sounds of useful toil. The farmer cleans his horses, and gathers luscious eggs, the soldier's making corpses, and wounding people's legs. The farmer fills his mangers with good wholesome hay, the soldier butchers strangers for thirteen cents a day. The farmer "sets" his biddy, and leads a useful life, the soldier leaves a widow where was a happy wife. The farmer props the nation and builds the smiling town, the soldier earns his ration by burning buildings down. The man who lives on danger, and leaves a trail of woe, looks cheap beside the granger, whose weapon is the hoe. The soldier with his sabre should be ashamed to meet the peaceful man who labor to raise the corn and wheat.

**MAPLE SYRUP INDUSTRY.**  
Science has turned its inquisitorial eye more than once on the sugar tree, but, so far, has failed to solve its mystery. Investigation has merely recorded certain facts: it has not explained them. It is known, for instance, that the sugar maple is far more particular than the uninitiated suspect. For its sap to flow, nights must be cool, clear and still, with the temperature at least 10 degrees below freezing; the days must be warm and sunny, with the temperature rising to 30 degrees above freezing, and, finally, there must be a fall of rain or of snow after four or five successive days of such weather or the sap will cease to flow. But there is hardly more of a mystery here than there is in the fact that the farmer who has trees to tap fails to tap them. He needs no demonstration to prove to him that the weather conditions favorable for the flow of sugar sap are favorable for little work about the farm. And he needs, surely, no reminder that the eager and profitable market awaits the product. Why, then, only half of the product available is collected and why half of this natural resource is wasted is perplexing to the ordinary mind.—Indianapolis News.

## GRANVILLE

LENT DOES NOT SEEM TO HAVE AFFECTED GAYETY OF SOCIAL SEASON.

Baptist Union Gives Program—Several Receptions Given—Personal and News Notes.

(Special to The Advocate)  
Granville, Feb. 24.—An excellent program under the auspices of the entertainment committee of the Baptist Social Union was given in Recital Hall last night at 8 o'clock, before a small but most appreciative audience. Bad weather and a number of conflicting engagements were responsible for the poor attendance. However, what was lacking in numbers was more than made up in enthusiasm. The program was opened by Miss Blanche Dull, Messrs. Criley and Goodell, who composed the three piece orchestra, playing several fine selections in admirable style. The president of the Social Union, Mrs. Burton Case, then announced a number by the Denison Glee club, calling attention to the splendid work they are doing this year, and bespeaking for them a liberal patronage at their home concert next month. They sang, "Swing Along" with a volume of tone and a rhythmic precision of attack that almost literally brought down the house, but they declined to respond to the tumult of applause.

Mrs. Charles Metz of Newark was then introduced, who explained the work of the D. A. R. in getting a bill before congress to make the "Old Trails," the National highway from coast to coast, and their plan of blazing this trail with the red white and blue which should be used on no other road. Mrs. Metz read a paper written by Mrs. R. H. Welney of Newark on the "Old Plank Road" which was highly interesting and instructive and then gave a delightful little talk on local conditions along the old pike when it was in its prime, finding a ready response from the delighted audience.

The lantern slides were explained by Prof. V. H. Hoppe and the lecturer made as great a hit as did the pictures. Beginning with the impressive view of a "buffalo" Nature's first highway engineer, Mr. Hoppe casually stated that they were almost extinct, though a few Buffalo-Germans are still to be found. The views included historic spots along the old trails, historic personages who first traveled the trails, and attractive bits of scenery along this highway to San Diego. The program closed with a selection by the orchestra. The entertainment committee composed of Mrs. C. D. Coons, Mrs. W. A. Chamberlain, Mrs. M. E. Stickey, and Mrs. Millard Brelsford express thanks to all who helped to make the entertainment the artistic success it proved to be, especially to Prof. C. D. Coons, who was "out of sight" as lantern operator.

Mrs. R. S. Edwards, who spent the winter at the home of her parents, Mr. and Mrs. Burton Case, writes from her new home in Des Moines, Iowa, that they are pleasantly located at No. 650 West Seventeenth street.

Mrs. Walter Livingston and Mrs. George Stuart delightfully entertained the ladies of Granville at an afternoon reception between the hours of 2 and 5, at the home of the former in Broadway. Tuesday, which was one of the notable social functions of the year. The house was beautifully decorated for the occasion, the dining room especially attractive in its color scheme of red and white, the table centered with red roses and narcissi, furnishing the key note of the color scheme. In the receiving line were Mrs. Livingston, Mrs. Stuart, her mother, Mrs. William Perfect of Marysville, and Mrs. Noland, presiding at the punch bowl were: Misses Frances Haskins, Frances Carney, Margaret Speicher and Alma Brumback; at the Victrola which furnished a fine musical program, were: Misses Vivien Perry and Elva Linton; distributing the tiny flags used as favors, Miss Edith Shreve; dispensing the charming hospitality of the dining room, Misses Althea Cook and Alicet Chrysler.

Mrs. Selena Tanner, Athens, Ohio, writes: "I was nearly starved when I began to take Peruna. My stomach was so bad with catarrh that I could scarcely eat enough to keep me alive. In two weeks after I began to take the medicine my stomach felt all right. I have been well ever since. That was fifteen years ago. I only wish every one knew how useful Peruna is in the home. Whenever I am taking a cold a few doses will always break it up. Peruna is a good tonic to strengthen any one. Peruna is excellent for old people; also puny or weak children."

"Yes, you can use my testimonial wherever you wish. I am trying to tell every woman I can, for I am so thankful that a neighbor told me when I was considered incurable. It cured me to stay cured. Today I am enjoying good health. I am sixty-six years old. I owe it all to Peruna. I cannot find words to express my thanks for your kind advice at various times."

poured during the first hour; Mrs. Raymond Peince and Mrs. Ben Woodbury the second hour, and Mrs. Irving Kull and Mrs. August Odebrecht the third hour. Refreshments were passed by Misses Mildred Oldham, Helen Ray, Virginia Putnam and Fern Ashbrook. Out of town guests were: Mrs. Chandler Tucker, Mrs. John Tucker, Mrs. Emma Morse, Mrs. Clinton Morse, Mrs. J. W. Horner of Newark, and the guest of honor, Mrs. William Perfect of Marysville, O. About two hundred callers responded to the invitations.

Prof. W. H. Johnson, who went to Pittsburgh Friday to attend the Pittsburg-Denison banquet as the representative of Alma Mater, reports an enthusiastic reunion of the Denison people in the Smoky City. He responded to the toast, "The Future of Denison."

Dr. and Mrs. R. S. Colwell entertained with a dinner of delightful appointments at their home in Prospect street complementing their guests, Mrs. C. B. Newton of Bowling Green, O., Mrs. A. S. Carman, and Miss Eleanor Carman of Marietta, O.

## Society

On Monday, February 22d, a number of his friends gathered at the home of Mr. Homer Hill in Rice street, to remind him of his natal day. The evening was spent in games and music. At ten o'clock a dainty four course luncheon was served the following guests: Mr. and Mrs. Homer Hill, Mr. and Mrs. James Coulter, Mr. and Mrs. C. McConaughy, Mr. and Mrs. Dan Hill, Mrs. Robert Jones, Mrs. Emma Hill, Mrs. Charles Gartner, Miss Margaret Gartner, Miss Goldie Hill, Miss Mary Jones, Miss Oga Coulter, Mr. Pete Lane, Mr. Wilbur Hill, Mr. Leo Huffman, Robert Richardson, Earl McConaughy, Helmar Jones, and Master Karl Gartner.

A delightful affair was the surprise in honor of the birthday anniversary of James Layman at his home, two miles west of Chatham, Saturday evening. The time passed rapidly in games, music, social conversation and the serving of an appetizing luncheon. Those present were: Messrs. and Mesdames James Layman, A. E. Hoskinson, W. B. Hoskinson, H. Persson, Ray Keckley, J. W. Dunlap, J. W. Preston, J. P. Preston, E. Jones, Vessie Incho, and Wm. Kirkpatrick, Messrs. Freeman Anderson, Willis Eschelman and S. W. Mollar, Mesdames Ridgely, McFadden and Russell, Misses Isabel Dunlap, Helen Jones, Thelma Jones, Elizabeth Kirkpatrick, Florabelle Anderson, Reba Incho, Marie Pierson and Mary Alice Hoskinson, Messrs. J. F. Blime, John Bricker, Dillon Dunlap, Carl Hoskinson, Leonard Pierson, James Incho, and Russell Anderson.

A double wedding will be solemnized at 8 o'clock this evening at the home of Mr. and Mrs. J. R. Ellis in Pataskala street, when their granddaughters will be married. Miss Bertha Ellis will wed Mr. Ralph Smoots of Granville while Miss Mary Ellis will become the bride of Mr. Theophil Schaefer of this city. Rev. Don Willis, pastor of the Second Presbyterian church will officiate.

Mrs. Fred Schimmel was hostess to the members of the Mystic club, Friday afternoon at her home in Gay street. The afternoon was spent in needle work and music. At four-thirty the members were invited to the dining room, where a delicious luncheon was served. The table was decorated with small silk flags and at each place was a cluster of cherries. Tiny crocheted baskets, the work of the hostess, filled with nuts, were given as favors to each member.

The following members were present: Mrs. David Peppers, Mrs. Claude Messenger, Mrs. Edgar Ryan, Mrs. Harry DeWalt, Mrs. Helen Huffman, Mrs. Leah Cramer, Mrs. Carl Heine, Mrs. D. B. Young, Leona May Heine, Grace Marie Cramer, Judson Messenger, Gladys Young and Millard B. Huffman.

The next meeting will be held at the home of Mrs. Archie Scanlon in Oakwood avenue, Friday, March 5.

The Harmonious club held its business meeting at the home of Mrs. Otto Ramey in Ninth street, yesterday afternoon. The following officers were elected: President, Mrs. Ed. Bloomer; first vice president, Mrs. Charles Keller; second vice president, Mrs. Tom Adams; secretary, Mrs. Eugene Hartshorn; treasurer, Mrs. Charles Cooper; press correspondent, Mrs. N. E. Davis. The next meeting will be held with Mrs. Joseph Evans.

The Federated clubs will meet at 2 o'clock tomorrow afternoon in Taylor hall.

Mr. and Mrs. F. S. Clement of West Church street are in Zanesville today where the fifth anniversary of their wedding is being celebrated at the home of Mrs. Clement's parents, Mr. and Mrs. G. F. Young. A six o'clock dinner will be served this evening, covers being laid for twenty guests.

Mrs. D. F. Dowden is entertaining the members of her luncheon club this afternoon at her home in Hudson avenue.

Mrs. Garlinghaus entertained the members of her Sunday school class of the Congregational church, at her home in Boylston avenue Tuesday evening. The class was formally organized and the following were present: Misses Marie Spettie, Marie Berry, Lucille Frisbie, Alma Steinhaug, Margaret Pfeil, Kathryn Steinhauer. The following were guests of the class: Mrs. H. Steinhaug, Mrs. S. Frisbie, Mrs. L. A. Gault, and Mrs. Ida Spooner.

Mrs. Fred A. Hawkins entertained with a miscellaneous shower at her home in Mahoning street, honoring Miss Ida Cramer, whose marriage to Mr. Clifford Campbell will take place in the near future. The evening was spent in sewing for the bride-elect. Mrs. Hawkins' guests were the Misses Ida Cramer, Irene Coke, Iona Coke, Mabel Baumgarten, Della Heft,

Ada Hollar, Nina Hawkins, Pearl King, Pearl Kinney, Madge Kennitt, Zelma Riggs, Nellie Smith and Belle Taylor.

## PARADE

OF AUTOMOBILES FOR GOOD SIZED PRIZE, FEATURE OF COMING SHOW

W. J. Eade Will Again be Manager—Permanent Organization of Dealers Discussed.

A parade, in which artistically decorated automobiles might be entered in competition for a good sized prize, was decided upon as a feature for the Second Annual Automobile Show to be staged the week of March 22-25, in the Arcade and Arcade Annex, by the automobile dealers who met Tuesday evening, in the law office of J. H. Miller in South Third street.

The dealers present were Messrs. Forsythe, Connolly, Simpson, Stevens, Wyeth, Hess, Eade and Smith. Upon motion Murry Connolly was elected temporary chairman, and Wright D. Wyeth, temporary secretary.

Weather conditions of March and April were discussed with a view to determining the best week for this year's show, but, inasmuch as none of the dealers present professed the ability to forecast climatic changes, and as March was the best time in which to demonstrate their cars to prospects the week of March 22-25 was definitely decided upon, on motion of Mr. Stevens.

The question of rules and regulations under which the show might be governed was debated at great length. The dealers professed to be in favor of harmony in the matter of placard and sign advertising and decried the use of large and unsightly posters hung in conspicuous places in the Arcade. Upon motion of Mr. Simpson, the members of the organization unanimously agreed to abide by the rules laid down by W. J. Eade, manager of the show, who had drawn up a set of laws.

The advisability of transferring the temporary organization, effected at last night's meeting, to a permanent organization that, profiting by this year's show, would handle all the details of organization and advertising of any future events of this nature, was considered, and upon motion of Mr. Eade, a committee composed of Messrs. Simpson, Forsythe and Stevens, was appointed by the chair to consider the advisability of such a move.

Perhaps the most important reason for such a move, according to the dealers, was that greater progress could be made and more definite plans made for future shows. Another reason was the greater prestige could be gained for the dealers, through co-operation, not only in the matter of shows, but in civic matters as well, if they organized as practically every other line of endeavor in Newark has done.

The dealers decided to foster the idea of an automobile parade in which automobilists of Newark and Licking county, as well, might compete for a prize. Every automobilist will be asked to enter his car in competition for a prize to be given to the best decorated machine. Realizing that a floral parade could not be staged at the time of year chosen for the show, every endeavor possible will be made to interest automobilists in the parade. Floats will be encouraged, and artistically decorated machines. It is probably that the merchants of the city will be asked to lend their assistance to make the affair a success by putting on special sales for the day and otherwise encouraging people to come into Newark the afternoon of the parade.

After considering the extent and amount of advertising to be done prior to the show, the meeting adjourned to meet a week later when such steps as are deemed necessary will be taken to finish up the business of this year's show.

## CARE OF THE EYES

Health as Well as Beauty Demands That Eyes Get Attention.

The woman who takes care of herself should give as much attention to her eyes as she does to her skin or to her hair. In the first place after driving or being in the dust of the city or country she should wash or bathe her eyes with tepid water. This removes the irritating dust or small particles. After reading or before going to bed she should bathe the eyes with salt water or tepid water to which is added a pinch of salt, and using an eye cup, will be surprised at the difference in the sparkle of the eyes. If inflamed they should be bathed several times a day. The dull, sunken eyes, the hollow circles and the sallow complexion of many women is due, however, to the complaints and diseases peculiar to women. The best thing I know for this is Dr. Pierce's Favorite Prescription, because it is a temperance tonic, being made of roots and herbs with pure glycerine. It establishes regularity, heals inflammation and banishes pain. Dr. Pierce publishes the ingredients on the wrapper so it is not a secret and I have seen many women cured by it and not only that, but the dull sunken eyes, the hollow cheeks and hunched back, the sallow complexion and the headache, have taken on a sparkle and healthful appearance. Thousands of women have testified to having been cured of womanly diseases by this Prescription. It speedsily causes all womanly troubles to disappear—corrects the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, irritable and exhausted women.

It banishes pain, headache, backache, low spirits, hot flashes, dragging-down sensations, worry and sleeplessness surely and without loss of time.

Keep the bowels healthy by using Dr. Pierce's Pellets. They don't gripe.

**PIANO IN CHURCH STARTS ROW OVER TERMS OF A DEED**

[ASSOCIATED PRESS TELEGRAM]  
Kokomo, Ind., Feb. 24.—After keeping members of the Church of Christ, 10 miles east of here, from their house of worship, 10 days, because a piano was installed in the church, James McKillip submitted to arrest yesterday on a charge of trespass. McKillip placed a cot in the pulpit, procured a loaded shot gun and took possession when he learned that some young members had moved a piano into the church. He obtained bail, soon after being arrested and returned to his village, to keep possession, he said, until a court orders him to vacate.

McKillip's father deeded the property to the congregation shortly before his death and stipulated that if any musical instrument or fairs were permitted in the church, the property was to be turned over to his heirs or to the church members who objected to such innovations.

A dispatch to a Cincinnati paper stated that McKillip was a Newark, O. man but The Advocate was unable to locate him here or learn anything of his identity.

Society may understand knittin' but I believe it's stallin' when it pretends to appreciate Bernard Shaw. Nothin' takes the starch out of a great man like bein' introduced t' somebody that evidently never heard o' him.

## STOMACH UPSET?

Get At the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking laxatives, or trying to patch up a poor digestion, they are attacking the real cause of the stomach-clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't care feeling, no ambition or energy, troubled with undigested food, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

The Olive Tablet Company, Columbus, O.

## In Milady's Boudoir

BY GWEN SEARS.  
**CARE OF THE HANDS.**  
Much has been written regarding the care of the hands, and it is not to be wondered at that folks get tired of such articles, especially folks who do take lots of care of their hands. But then again, there are those of us, who neglect them in spite of the many tiresome articles of remonstrance and advice.  
Study your hands and decide for yourself if you need the following advice. If you are fortunate enough to be possessed of perfect hands, turn the page, and be well satisfied with your victory over your less careful sister.  
Strange as it may seem, there are women, otherwise dainty, who have difficulty in finding time to keep the nails and hands in good condition. The hands and nails are always in evidence except when gloved.  
Any moment they may be called upon in some emergency to perform a task which will expose the perfection of the hands or their lack of it to people whose opinion is not to be despised. To prevent any possibility of being obliged to display unkempt hands, five minutes a day at least should be given to them.  
If even such a short time is devoted to their care, there will be so little to do each time that five minutes will be ample in which to keep them beautiful—an edge filed here and there, a pushing back of the cuticle with the rounded part of the orange stick, a rub or so with the buffer and then the nail brush, and the task is complete.  
Each night before retiring a lotion of cream should be rubbed into the hands to keep them smooth and white. If the pretty custom of kissing hands should be revived, methinks the hands of women would be better tended and more fair.  
And there is yet a last remnant of that charming custom left. Many a modern maid could tell of kissed palms and finger tips if she would—and you may be sure that ever after her nails and hands were kept in order for such just another emergency. Resolve that the hands shall be well kept.

## AMSTERDAM CHURCH REVIVAL CONTINUES; MANY ACCESSIONS

The great revival which started in the United Brethren church at Amsterdam, eight miles south of this city, on Sunday, February 7, still continues with unabated interest, and will continue over the coming Sunday at least.  
On last Sunday evening, the pastor of the church, E. M. Larsson of this city, spoke on the subject, "The punishment, after death of those who die in their sins," to a large and appreciative audience. The church was filled, and at the close of the address, more than 25 unsaved persons came forward and took the pastor by the hand, as a symbol of their appreciation of the effort being put forth in their behalf, and signifying their belief in the truths spoken. On the same evening 32 names were handed in as members of a Young People's society of Christian Endeavor, which will be organized and put in working order on next Sunday evening. It is fully expected that the membership of the society will reach fifty members on next Sunday.

On Monday evening, the church was filled again, and the pastor spoke on the text "Sirs, what must I do to be saved," at the close of which, one person was converted, one joined the church and one was reclaimed.

On Tuesday evening, Rev. A. B. Cox, pastor of the East Main Street United Brethren church of this city spoke to a large congregation, from the text, "To whom shall we go," (John VI, 68) and at the close of the service, two persons were converted, and three reclaimed, and many hands were raised, requesting the prayers of the Christians in their behalf. It was one of the greatest services of the entire series.

This evening, Rev. M. R. White of the Tenth Street church, will speak. Every service witnesses either baptisms, accessions, or conversions, and sometimes all.

Wagon loads of personal workers still attend from the surrounding towns and country, and the meetings will make the church one of the stronger congregations of the vicinity, and future prospects are most encouraging.

The first two weeks of the meetings, Rev. M. R. White spoke each evening.

John DeWard, representing the Whitmore Furniture company of Grand Rapids, Mich., is spending the day in Newark.

## EVERYDAY ETIQUETTE

"In attending the theatre with a young man, who should follow the usher down the aisle first, he or I?" asked Dora.  
"In entering public places of amusement the woman precedes the man. The escort gives his checks to the usher and the usher goes down to the aisle to locate the seats, the woman following and the man bringing up the rear. Where there are no ushers, the man precedes, locates the seats, stands aside and allows the woman to enter and then takes his seat," answered her aunt.

## YOUR BOYS AND GIRLS

There is no better way of spreading diseases than by chewing a pen or pencil previously chewed by somebody else, and while teachers at school aim to guard against the habit among their pupils, the parents are not always so careful when the children are at home. Indeed the parents themselves are not always proof against the temptation.

If you go into a public writing room you may often see writers ruminating with the tip of a public pen between their teeth. It is thoughtless, but dangerous even in the most carefully kept writing room.

Fred Parks of Maple avenue has returned from a trip to Akron.

## "Vaporize" Croup or Cold Troubles

Vapor treatments for cold troubles are better than internal medicines, as the vapors carry the medication direct to the lungs and air passages without disturbing the stomach.

When Vick's "Vapo-O-Rub" Salve is applied over the throat and chest, these vapors, released by the heat of the body, are inhaled with each breath. 25c. to \$1.00. THE GENUINE HAS THIS TRADE MARK.

## CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without gripping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeiters sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

The Library Association will meet Thursday afternoon at 3:30 in Taylor hall. A full attendance is desired.

Humane Society Meeting.

The Humane Society will hold an open meeting this evening at 7:30 o'clock at 221 East Main street. G. A. Elliott of Zanesville will speak. Employment Bureau.

The Y. W. C. A. is seeking to establish an employment bureau that may assist those seeking employment to find it. If you want HELP let us know. If you want WORK let us know.

Woodmen to Entertain.

On March 10, the Modern Woodmen of Newark will entertain at their guests the members of the Zanesville camp. This will be a return compliment to the entertainment provided the Newark Woodmen by the Zanesville camp, several weeks ago.

Eggs Are Cheaper.

On account of the mild weather of the past week eggs are becoming more plentiful and as a result there has been a drop in price. This morning they were retailing at twenty-five to twenty-seven cents and if the weather does not get much colder they will probably drop below that price.

Union is Closed.

An execution was issued from Squire D. M. Jones court Tuesday morning in the case of The Ed V. Price company of Chicago vs. The Union, a clothing store in West Main street. The writ of execution was served and the store closed. The Chicago firm secured a judgment in a suit for \$126.94, which the company claimed was due on account.

Addition To Store.

Heib & Bateman, grocers in Lake Park street in the Myers addition at Buckeye Lake, have just completed an addition to their grocery store. This enterprising firm now has a model grocery with everything up-to-date and their stock is crisp and fresh. They are enjoying a splendid trade, and keep everything that can be found on the market.

Scarcity of Vegetables.

Market was not overcrowded this morning with either dealers or buyers, due no doubt to the threatening weather conditions. There was a scarcity of vegetables, something unusual, and the only crate of head lettuce was bought up within a few

minutes after it was opened. Chickens and eggs were also plentiful and several dealers displayed onion sets.

Takes Position at Hub.  
John Dolan, who has been employed at The Union Clothing company, has taken a similar position with The Hub.

Condition Satisfactory.

The condition of Olive Minor, age 8 years, who underwent an operation at the Newark Sanitarium, on Sunday, is very satisfactory to the attendants.

One Drunk Fined.

A plain drunk arrested during the night drew a fine of \$5 and costs in police court Wednesday and was allowed to go on his promise to leave the city.

New Law Offices.

Attorney A. S. Mitchell will remove his law offices from the present location in the First National bank building to rooms 503 and 504 in the Trust Building.

To Address Club.

Rev. Don D. Tullis has accepted an invitation to address the Mens' Club at the Forest Avenue Presbyterian church in Zanesville Friday evening. Mr. Tullis will be accompanied by Mr. F. S. Clement of this city.

Ninth Division Notice.

The Ninth Division of the Womens' Guild of the First M. E. church will meet Friday afternoon at 2:00 o'clock at the home of Mrs. S. D. Johnson, 247 North Fourth street. All members are urged to be present.

Sent Flowers From Florida.

Mrs. Nick Saver of North avenue has received a large box of orange blossoms and roses, sent to her by her brother, Mr. William Graef who with his wife and daughter Esther and Miss Louise Kuster, is traveling through the south.

Wheel Came Off.

A taxicab driving north in Elmwood avenue Wednesday morning narrowly missed crashing into a telegraph pole when a front wheel came off, causing the machine to shoot across the street and over the curbstone. The machine was brought to a stop within six inches of the pole. No one was injured.

Weather Conditions.

Tuesday the thermometer in this city registered at 55 and the day was pleasant, in fact just like a day in spring. A year ago the same date it was cold and blustery, ten below zero and snow on the ground. Quite a contrast. Yesterday it rained the greater part of the day and the thermometer averaged 55. Today was another gloomy day and slightly colder with the thermometer at 40 to 42.

J. E. Stinger in Arkansas.

The friends in Newark of Mr. J. E. Stinger will be interested to learn that he is located in El Dorado, Ark. Mr. Stinger has associated himself with the Southern Remedy company, which has just placed on the market "Stinger's Cholera Cure." The new remedy has been demonstrated free of charge to the farmers in that vicinity, and the sale of the new remedy has been most successful.

Christian Store Location.

The Christian clothing store will move shortly into the room in West Main street occupied by the Munson music store, the Munson store going to the Arcade April 1. Mr. O. S. Gilbert, who occupies a part of the West Main street room with the Munson store and deals in sheet music and small instruments, will remain in his present location and occupy a part of the room with Mr. Christian and Sons.

Preparing For Grocery.

The rooms in the Masonic building for the Conrad grocery are being fitted up with shelving and counters and will be ready for the painters tomorrow. Manager Fenwick S. Clement states that he has arranged to have one of the best vegetable displays ever shown in Central Ohio. He will maintain the high efficiency of the present store and handle nothing but the best grade of goods. He expects to make "The Conrad Store" a household word in Newark.

Master Plumbers Convicted in Iowa

(Associated Press Telegram)  
Des Moines, Iowa, Feb. 24.—Thirty-six master plumbers who have been on trial here since February 10, on charges of violating the Sherman anti-trust law were convicted by a jury in federal district court today. Judge John C. Pollock will pass sentence later.

COLUMBUS TEAM HERE.

The Music Hall bowling team will defend its reputation Thursday night against the Grands, a crack bowling team of Columbus. The games will be rolled on the Music Hall alleys.

RHEUMATISM A MYSTERY

Some diseases give immunity from another attack but rheumatism works just the other way.

Every attack of rheumatism invites another. Worse than that it reduces the body's power so that each attack is worse than the one before.

If any disease needs curing early it is rheumatism but there is almost no disease which physicians find more difficult to treat successfully. When a medicine does help rheumatism nobody knows how or why it does it.

All authorities agree that the blood becomes thin with alarming rapidity as rheumatism develops. Maintaining the quality of the blood therefore is a reasonable way of preventing and combating rheumatism. That it works out in fact is shown by the beneficial results in the treatment of rheumatism, acute, muscular and articular, with the blood tonic, Dr. Williams' Pink Pills.

That hundreds who take Dr. Williams' Pink Pills for their rheumatism get well is a fact beyond dispute. That the rheumatism does not return as long as the blood is kept rich and red is equally true. Write the Dr. Williams Medicine Co., Schenectady, N. Y., for the free pamphlet "Building Up the Blood" and kindly mention this paper. Your own druggist sells Dr. Williams' Pink Pills.

## OUCH! PAIN, PAIN. RUB RHEUMATIC, ACHING JOINTS

Rheumatism is "pain only." Not one case in fifty requires internal treatment. Stop dragging. Rub soothing, penetrating "St. Jacobs Oil" right into your sore, stiff, aching joints and muscles, and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and can not burn the skin.

Limber up! Quit complaining! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, and in just a moment you'll be free from rheumatic pain, soreness, stiffness and swelling. Don't suffer! Relief awaits you. "St. Jacobs Oil" has cured millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains.

## NEWARK PEOPLE RESPONDING TO BELGIAN APPEAL

HEADQUARTERS IN E. CHURCH STREET BEGINNING TO FILL WITH BUNDLES.

The Greatest Need in Stricken Belgium at the Present Time is a Food Supply.

The Belgian Relief commission is meeting with success and encouragement in the way of donations, and already the headquarters at 12 East Church street is beginning to fill with bundles, and boxes. The soliciting has been for new clothing, money, and food stuffs, and those in charge today state that the greatest need in Belgium is for food, as matter of clothing seems to be fairly well taken care of, but a great amount of eatables is desired. Of course it must be non-perishable.

If you are not interested in the work, and do not feel inclined to give generously just think if you have a little baby in your home. How often is he fed? Does he ever cry for hours or days for milk? No, of course, not. But read of the poor little babies of Belgium—Belgium whose milk cows were killed off for army rations early in August. Read how the little babies are suffering and dying. Why cannot the children of Licking County send as their contribution, each at least one can of condensed milk to save some dying baby? The average young child must have milk or he will die, and there is no milk in Belgium.

If the plight of the mothers does not appeal at least that of the hungry children should, and many are responding to this cry. Already a donation of six bushels of wheat has been made, and there are many boxes received containing canned foodstuffs for infants. The women of the city gathered at the Methodist church on Tuesday afternoon and with material purchased by the commission manufactured 40 outing flannel undershirts for women.

It is not only the well provided for in this country who are aiding their fellow sufferers. With a donation received today one woman said:

"I see by the Advocate that you are receiving money for the Belgian sufferers. Enclosed I send one dollar. I would like to give more but I am old and poor but will give the widow's mite. If you put it in the paper just sign it 'H'."

The Advocate is glad to acknowledge receipt of this remittance which with others will be handed at once in charge of the work. All money contributed will be used in buying food and clothing the transportation of which has been provided.

## SPECIAL MEETING OF CITY COUNCIL AT 7:30 TONIGHT

City council tonight will determine whether it should reconsider the resolution adopted at the last regular meeting authorizing a special election on the question of issuing \$30,000 worth of bonds for the municipal light plant. According to a statement of a member of council there is not a full understanding regarding the details of the resolution. The ordinance to issue bonds may also be considered. It was rumored Tuesday that an effort was being made to hold a secret meeting but this is not the case as Clerk Woodward Tuesday morning told city hall reporters of the proposed meeting.

## BANKING

(Continued from Page 1.)  
We had bought from the First National Bank of Columbus and were good, into what he called the "brush heap," saying he did not know what they were worth and that they might not be good."

Eighty-eight per cent dividends have been paid by the Merchants and Miners bank, Mr. Baird declared. Depositors will be paid 100 cents on the dollar and there will be a residue to be returned to stockholders, he said.

John L. Lange, a bank examiner, who accompanied Mr. Holmes in his trip to close the bank, corroborated much of Mr. Baird's testimony. He said his investigation showed officers and owners of the bank to be worth large sums of money and expressed the belief they could have made good any possible shortages. He said he knew of no reason why the bank should have been closed.

## SPLIT

(Continued from Page 1.)  
The result of the proposal contained in the Hamilton county delegation's joint resolution to adjourn. It will be presented to the house today by Representative Yeatman.

Members of the Hamilton county delegation declared they will compel the legislature to take their adjournment proposal seriously, despite reference of the Pink resolution yesterday to the senate finance committee, which is expected to smother it. They promised to enlist the support of a large proportion of the Democrats, many Republicans and opponents of the Garver-Quinisk conservancy amendment measure, in the fight for early adjournment.

Representative Shank, of Medina, and Deaton, of Miami, were active in talking adjournment among members of the house today.

The house taxation committee today decided to hold public hearings on the Parrett and Whittemore taxation decentralizing bills tonight and next Tuesday evening March 2. Representatives of automobile interests sought today to have the house finance committee recall the short term appropriation bill passed by the house yesterday and restore \$12,000 to the state highway department for the bureau of testing and experimentation, and the bureau of maintenance and repair. They told the committee curtailing the work of these bureaus will result in graft, material supply men selling poor quality of brick and cement instead of the quality called for in the specifications.

Senators Gilmore of Preble and Mooney of Cuyahoga today told of receiving many letters from farmers in support of the Mooney bill to compel every vehicle to carry a light in the rear at night. In two previous legislative sessions, farmer interests killed such measures. The bill was on the senate calendar today for final consideration.

Representative Deaton of Miami, author of the bill to prevent automobile speeding by providing licenses of drivers may be revoked on second offense, said today he would offer an amendment raising the speed limits from eight miles an hour in business sections of municipalities, 15 miles in other parts of municipalities and 20 miles on country roads.

Public hearings on the Young bill, providing eight hours as the maximum day's work for women, will be held before the house labor committee tonight. The senate temperance committee also will hold a public hearing on the McDermott liquor licensing decentralization bill.

Lobbyists for interurban companies were here today to protest against the Fitzsimmons bill, providing that all interurban cars must be cleaned daily by the vacuum process. A hearing will be held by the house public health committee on the measure tomorrow morning.

Hamilton county representatives told Speaker Conover today they are tired of what they said, is a tendency on the part of the administration to disregard the wishes of Cincinnati interests. Members of the delegation characterized their conversation with the speaker as "deliverance of an ultimatum." They said a number of reform measures have been aimed particularly at Cincinnati, and that if their wishes were not considered more in the future than in the past, they "would bolt the entire Republican legislative program." They had come here in full sympathy with the administration, Speaker Conover was told, but this sympathy had been strained seriously, almost to the breaking point.

## GREAT INTEREST IN REVIVAL AT FIRST M. E. CHURCH

Great interest is being shown in the meetings at the First M. E. church which are this week being conducted by the pastor, Rev. L. C. Sparks. In spite of the rain a good crowd gathered last evening. Dr. Sparks is preaching a series of sermons on "The Different Types of Conversion." Last evening the theme was "The Conversion of a Rich Man," which he drew from the story of Zacharius. Tonight he will speak on "The Conversion of the Thief." Mrs. Una Marshall Best will sing gospel songs at this evening's service. The song service begins every evening at 7:30. The new song book "Hymns of the Heart" has become a great favorite and some of the new songs are asked for every night. Come this evening at 7:30 and enjoy the singing.

RELATIVE'S FUNERALS

J. A. Parkinson of Columbus, Died  
In Hospital—Was Here to Attend  
Parkinson's Obsequies.

John A. Parkinson, 29, of Columbus, nephew of Fred Parkinson of Eleventh street and the late J. A. (Al) Parkinson who was buried a week ago Sunday, died at St. Clair Hospital, Columbus Tuesday following a week's illness of a complication of diseases. His death is the sixth in the family in a year, and the second to follow closely a trip to Newark to attend the funeral of a relative.

His mother, Mrs. William H. Parkinson, came to Newark about a year ago to attend the funeral of Mrs. Woodcock, a sister-in-law. While here she was seized with a fatal attack of pneumonia and died a few days later at the Sanitarium. A week ago Sunday, J. A. Parkinson came to Newark to attend the funeral of Al Parkinson, and his death followed soon afterwards.

He was the son of William H. Parkinson, 551 East Schiller street. Funeral services in charge of the Redmen, at the residence at 2 p. m. Thursday. Burial in Green Lawn. He is survived by his father, two sisters, Mrs. Grace Deardurff and Emma Parkinson, and one brother, William A. Parkinson.

## ASHBROOK

INTRODUCES BILL TO COIN 100-  
000 MCKINLEY SOUVENIR  
DOLLARS

To be Used to Aid in Defraying Ex-  
pense of Memorial to be Built  
at Niles, Ohio.

Congressman W. A. Ashbrook has introduced a bill for the coinage of a souvenir silver dollar, in commemoration of the erection of a memorial to the late President William McKinley. The purpose is to use the proposed coin to aid in defraying the cost of erecting a suitable memorial in the city of Niles, O. McKinley's birthplace. The number of dollars mentioned in the measure is 100,000, and when so coined they are to be delivered in suitable parcels at par to the National McKinley Birthplace Memorial Association, and the dies will be destroyed. The design to be used is left to the discretion of the secretary of the treasury.

The bill was referred to the house committee on coinage, weights and measures and ordered to be printed.

## Associated Charities

BULLETIN NO. 11

### "DEPENDENT CHILDREN."

Dependency in the average mind, consists merely in the lack of proper support. "Delinquency" similarly is supposed to mean wrong doing. Since dependency, delinquency and unemployment constitute three large problems of Associated Charities, it is necessary that we ascertain the exact meaning of these terms in their relation to our work.

The State of Ohio, in establishing the Juvenile Court, defines a "dependent child" as follows, in Section 1645: "For the purpose of this chapter (Juvenile Code) the words 'dependent child' shall mean any child under eighteen years of age who is dependent upon the public for support, or who is destitute, homeless or abandoned; or who has not proper parental care or guardianship; or who begs or receives alms; or who is found living in a house of ill fame, or with any vicious or disreputable persons, or whose home, by reason of neglect, cruelty or depravity on the part of his parents, step parents, guardians or other persons in whose care it may be, is an unfit place for such child; or whose environment is such as to warrant the state, in the interest of the child in assuming its guardianship. (59 v. 192, as amended April 28, 1912.)

We shall give the definition, according to the State of Ohio, of de-

## CHICAGO WANTS WIDE OPEN TOWN, SAYS HARRISON

WHO HAS BEEN MAYOR FIVE  
TIMES BUT WAS DEFEATED  
TUESDAY.

Will Not be an Independent Candidate—Women Cast 152,637 Votes in Primaries.

(Associated Press Telegram) Chicago, Feb. 24.—With four precincts still missing early today, revised figures of yesterday's primaries show that Carter H. Harrison, who is serving his fifth term as mayor, was defeated for the Democratic nomination by Robert M. Sweitzer, county clerk, by a majority of 77,551.

Votes cast for Mr. Harrison, son of Carter H. Harrison, Sr., who also was mayor for five terms, totaled 104,983. Women cast 26,267 of them. For Mr. Sweitzer 182,534 ballots were cast. 57,666 by plurality.

William Hale Thompson's plurality over Harry Olson, chief justice of the municipal court, for the Republican nomination for mayor, was 2325. The total vote for Mr. Thompson was 87,960, while Olson's was 84,735. The former received 25,842 votes cast by women and Olson 32,922.

Mr. Harrison issued a statement announcing that he would not enter the race as an independent candidate.

"The vote seems to me," he said, "that the people of Chicago want a 'wide open town.'"

## AUTHORITY ON EGYPTIAN LORE, DIES IN FLORIDA

(Associated Press Telegram) New York, Feb. 24.—Theodore M. Davis the noted Egyptologist died yesterday at the Florida estate of Secretary of State William J. Bryan, at Miami, where he was spending the winter, according to advices received here today. He was seventy-eight years old and a native of New York City.

Mr. Davis became best known to Egyptologists in 1905, when he was excavating in the famous valley of the Kings of Thebes and discovered the tombs of the parents of Queen Tefnut, the mother and inspirer of the famous "Heretic King" of Egyptian history. This discovery was hailed by Egyptologists as the greatest discovery that had been made up to that time. Two years later Mr. Davis found and excavated the tomb of Amen Hotep, "the Heretic King," himself, which was found to adjoin the tomb of Ramesses IX.

The king's tomb was one of the most wonderful ever discovered and was literally full of gold, the walls, ceiling and even the floor being covered with plates of the precious metal.

## WILL CONTEST IS ENDED FAVORABLY TO TWO SISTERS

(Associated Press Telegram) New York, Feb. 24.—To celebrate the successful termination of the contest of the will of Hiram H. Lampton, Miss Clementine Smedley, who was adopted by Mr. Lampton in Paris, and her sister, Miss Matilda Smedley, entertained five hundred of their friends last night at an up-town hotel. The celebration was in honor of the Rev. R. S. MacArthur, chairman of the committee which aided the Smedley sisters to contest the will. Each one of the guests had contributed financially to aid the sisters in their remarkable suit which lasted six years and involved about \$500,000.

Mr. Lampton's will was attacked by his relatives, but Clementine Smedley, as legatee, had not the money to defend it. Dr. MacArthur as a friend of Mr. Lampton, and his adopted daughter, then organized an association, consisting of several thousand persons, who contributed weekly for more than six years.

Twice in the lower courts the sisters lost their suits.

## CLUB TENDERS FISH DINNER TO FRED BURRELL

The Pig Tail club today tendered Fred Burrell, the well known cigar manufacturer, a turkey and fish dinner at Buckeye Lake in honor of that gentleman's natal anniversary. The spread was prepared by Harry Bisbee, a well known Columbus caterer, and consisted of an appetizing dinner of four courses. All of the club members were present and after the cigars had been passed a number of the members extended felicitations in crisp and witty speeches. Mr. Ed. Hutchinson of Columbus on behalf of those present presented Mr. Burrell with a handsome diamond studded scarf pin.
